Welcome to our website

Indonesian Synthetic Fiber Makers Association (APSyFI) was Founded on May 31, 1975. 12 companies of APSyFI's members are producing Polyester Staple Fiber, Polyester Filament Yarn and Nylon Filament Yarn in Indonesia. Indonesia is one of the world's 10 largest producer of synthetic fiber, with total capacity of 588,000 tons of polyester staple fiber, 833,000 tons of polyester filament yarn, and 32,000 tons of nylon filament yarn. APSyFI members are committed to serve you. Please click on the companies' name to find out more about their capability, and feel free to communicate directly with respective companies.

APSyFI legalized in the first Association Statutes at the Member's General Meeting on January 23, 1976. A last tangent in the Association Statutes and Rules of Association were made and legalized at the Member's General Meeting on June 27, 1991. In operating and running its activities, a Board of Management manages APSyFI and consists of chairman, vice chairmans and board members. A Secretary General and a Treasurer conduct day-to-day activities.
